Sir:

This is in response to the Notice of Missing Requirements Under 35 U.S.C. 371 dated May 26, 2006, in connection with the above-identified application. Submission of the following items are within the time period set forth in the Notice.

The Notice indicates that in order to complete the requirements for acceptance of the national stage application under 35 U.S.C. 371, an accurate translation into English of the application is required. Specifically, the Notice indicates that the current translation into English provided is defective because the number of claims in the International Application and the number of claims in the English translation are not the same. The Notice also indicates that a processing fee of \$130 for providing the translation of the application later than 30 months from the priority date is required.

Accordingly, Applicants submit herewith an accurate translation into English of the application, including a signed Statement of Accuracy of Translation. The translation into English of the application contains the same number of claims as the

International Application. The required \$130.00 English translation surcharge is also included.

The Notice also indicates that an Oath or Declaration in compliance with 1.497(a) and (b) is missing. Accordingly, Applicants submit herewith a properly and fully executed Declaration which identifies the application by international application number and international filing date. The required \$65.00 surcharge for a small entity is also included.

It is believed that the requirements under 35 U.S.C. 371 have been satisfied. Accordingly, Applicants most respectfully request that the application be forwarded to the appropriate examining group for its examination.

Respectfully submitted,
